

NEW SEASON

New opportunities!

At Villa La Madonna spring means a fresh start and unknown pleasures, and this year will be no different.

We welcome you to the new Villa La Madonna pool terraces

Since the very beginning, the Villa La Madonna pool has been the symbol of the hotel. That's why we are exceptionally happy to welcome you to the new upper-level terrace among the vines with a more private ambiance, and to the new pool lounge area - the perfect shaded spot for an afternoon Spritz.

No road is long with great company

Nobody has ever regretted a drive up to beautiful Piedmont - that's a fact. And since many of our guests choose to arrive at the Villa by car, we have put up a protective roof above our upper parking. The parking also includes new electric charging stations.

See you in April?

Piedmont in springtime is something one can't explain, it has to be experienced. We are thrilled to welcome you to a new season at Villa La Madonna just in time for Easter. The doors open on the 30th of March and just stay open. Will we see you at the Piazza for a Spritz, at the pool for a cool dip and a good book, or maybe for a full weekend to stay?
